Project Description - The new Crossrail retail and leisure destination will play home to some of the UK's popular brands including Everyman Cinema, the first in East London Sports Bar & Grill and the Mexican burrito restaurant, Poncho 8. The mix of these lifestyle and retail brands will be placed within the six storey development, designed by Foster + Partners, which covers the station with a semi open-air timber lattice structure over a leisure park.

Scope of Services -To manage and deliver an air side package including the ventilation systems and associated plant and equipment, setting to work and commissioning.

Value Delivered - Working closely with the retail outlets to incorporate their specific requirements.
