### Project Description

BP2 is a large office building, 14 storeys plus 3 basement levels, constructed on reclaimed dockland in Canary Wharf to be leased by JP Morgan Chase

### Scope of Services

Working directly for the client, ASM completed the shell & core activities and the fit out on this impressive office complex. We completed an airside package, including AHU's, fans, silencers, insulation and commissioning as well as conventional and fire rated ductwork. ASM also took on the Lead Co-ordinator role for this project.
